Property Consultant

Description

Our firm is looking for an experienced and rational Property Consultant to assist clients with property decisions. You will be responsible for contacting clients and offering them consultation via phone calls, emails, or in-person meetings. Also, you should be able to conduct thorough research on available properties before advising clients on the same.

In addition to this, you should be able to negotiate property deals with Real Estate Agents and Brokers. Moreover, you should assist clients in gathering and submitting legal documents. Your keen interest in the latest property market and developments is vital to this job role.

You should be smart and diligent in this position as a Property Consultant. Besides, you should strive towards building and sustaining long term business relationships. A proven experience in the Real Estate industry is essential.
